- Summit III
  - 25-26 April 2006, Ft. Lewis and Microsoft

# Guidance From Summit III

- "The goal is not the deployment of AHLTA, but the improvement of healthcare in our three main outcome areas: ***Military Readiness, Clinical Care, and Business Management***. When the next Summit convenes in November 2006 in San Antonio, the fourth Summit will have as its focus ***'Improving Healthcare Outcomes'***. AHLTA will continue to play a key role in achieving outcomes improvement."
